## **Independent Auditor's Report**

To the Shareholders of  
Great Canadian Gaming Corporation

We have audited the accompanying consolidated financial statements of Great Canadian Gaming Corporation, which comprise the consolidated statements of financial position as at December 31, 2013 and 2012, and the consolidated statements of earnings (loss), comprehensive income (loss), changes in equity and cash flows for the years then ended, and a summary of significant accounting policies and other explanatory information.

### **Management's Responsibility for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Great Canadian Gaming Corporation as at December 31, 2013 and 2012, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards.

*(Signed) Deloitte LLP*

# **GREAT CANADIAN GAMING CORPORATION**

## **Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

### **1. NATURE OF BUSINESS**

Great Canadian Gaming Corporation (the "Company") operates gaming, entertainment, and hospitality facilities in British Columbia, Ontario, Nova Scotia, and Washington State. The Company's 17 gaming properties consist of three community gaming centres, four racetracks and ten casinos, including one with a Four Diamond hotel resort.

Great Canadian Gaming Corporation is a publicly listed company incorporated in Canada under the Company Act (British Columbia). The Company's common shares are listed on the Toronto Stock Exchange ("TSX") under TSX symbol: "GC". The principal office is located at 350-13775 Commerce Parkway, Richmond, British Columbia, V6V 2V4. The registered and records office is located at 1500-1055 West Georgia Street, Vancouver, BC, V6E 4N7.

### **2. SIGNIFICANT ACCOUNTING POLICIES**

#### **Statement of Compliance**

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Standards Interpretations Committee ("IFRIC").

#### **Basis of Presentation**

These consolidated financial statements were prepared on a going concern basis, under the historical cost convention, except for the revaluation of certain financial instruments. The preparation of financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 3.

#### *a) Principles of consolidation*

These consolidated financial statements include the accounts of the Company and its subsidiaries. Subsidiaries are entities over which the Company has control, where control is defined as the power to govern financial and operating policies. Generally, the Company has a shareholding of more than 50% of the voting rights in its subsidiaries. The effects of potential voting rights that are currently exercisable and Board of Directors presence are also considered when assessing whether control exists. Subsidiaries are fully consolidated from the date the Company acquires control of them and are deconsolidated from the date control ceases. Significant inter-company balances and transactions with subsidiaries are eliminated upon consolidation.

The acquisition method of accounting is used to account for the acquisition of subsidiaries as follows:

- cost is measured as the aggregate of the fair values of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange;
- identifiable assets acquired and liabilities assumed are measured at their fair values at the acquisition date;
- the excess of acquisition cost over the fair value of the identifiable net assets acquired is recorded as goodwill; and
- if the acquisition cost is less than the fair value of the net assets acquired, the fair value of the net assets is re-assessed and any remaining difference is recognized directly in the consolidated statements of earnings (loss).

## GREAT CANADIAN GAMING CORPORATION

### Notes to the Consolidated Financial Statements

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### a) Principles of consolidation (Continued)

Equity method investees are entities over which the Company has significant influence, but not control. Generally, in order to have significant influence, the Company has a shareholding of between 20% and 50% of the voting rights. The equity method is used to account for investees over which the Company has significant influence, which results in the presentation of these investments within "other assets" on the consolidated statements of financial position. The investment is initially recorded at cost, and is increased by the investment's periodic net earnings and decreased by any distributions that are received. The Company's share of the investment's net earnings is recognized as "restructuring and other" on the consolidated statements of earnings (loss).

##### b) Principal operating entities

Entity	Abbreviation	Ownership interest at December 31, 2013 and 2012
Chilliwack Gaming Ltd.	CGL	100%
Flamboro Downs Limited	FDL	100%
Georgian Downs Limited	GDL	100%
Great American Gaming Corporation	GAGC	100%
Great Canadian Casinos Inc.	GCC	100%
Great Canadian Entertainment Centres Ltd.	GCEC	100%
Hastings Entertainment Inc.	HEI	100%
Metropolitan Entertainment Group	MEG	100%
Orangeville Raceway Limited	ORL	100%
TBC Teletheatre B.C. <sup>(1)</sup>	TBC	50%

<sup>(1)</sup> The Company accounts for its ownership interest in TBC using the equity method.

##### c) Translation of foreign operations and foreign currency transactions

The Company's consolidated financial statements are presented in Canadian dollars, which is also the functional currency for all Canadian operations. The Company's non-Canadian operations are measured in the currency in which they operate and are translated into Canadian dollars at each reporting date. Assets and liabilities are translated into Canadian dollars using the exchange rates in effect on the reporting dates. Revenues and expenses are translated at average exchange rates prevailing during the period. The resulting translation gains and losses are included as a separate component of other comprehensive income ("OCI").

For Canadian operations, transactions completed in foreign currencies are translated into Canadian dollars at the rates prevailing at the time of the transactions. Monetary assets and liabilities denominated in foreign currencies are reflected in the consolidated financial statements at the exchange rates prevailing at the reporting dates, with the resulting gain or loss included in the consolidated statements of earnings (loss).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*d) Operating segments*

The Company's operating segments are organized around the markets it serves and are reported in a manner consistent with the internal reporting provided to the President and Chief Executive Officer, the Company's chief operating decision-maker.

*e) Cash and cash equivalents*

Cash and cash equivalents include cash and liquid investments with an original maturity of three months or less.

*f) Accounts receivable*

Accounts receivable balances are due from the federal government for sales tax rebates, provincial gaming corporations, racetrack operators, and financial institutions. The provision for doubtful accounts receivable is estimated based on an assessment of individual accounts and the length of time balances have been outstanding.

*g) Facility Development Commission*

The Facility Development Commission ("FDC") is a compensation component of the Company's Casino Operational Services Agreements ("COSAs") and Community Gaming Centre Operational Services Agreements ("CGCOSAs") with the British Columbia Lottery Corporation ("BCLC"). FDC is earned (paid by BCLC to the Company) as a fixed percentage of gross gaming revenues. Gross gaming revenues are amounts wagered on gaming activities, less the payout or prizes to winning customers.

Earned FDC is subject to the Company incurring sufficient Approved Amounts (a defined term in the COSAs and CGCOSAs, which generally consists of approved capital and operating expenditures related to the development or improvement of gaming properties), and is paid weekly to the Company. Approved Amounts are reduced by the FDC receipts.

FDC is recorded as part of revenues on the consolidated statements of earnings (loss) when earned. Currently, the FDC percentage is 3% of the gross revenues from gaming activities. BCLC provides for an accelerated FDC equal to 2% of the gross gaming revenues and is intended to be a one-time reimbursement of the timely development or redevelopment of gaming facilities and additional entertainment amenities of significant value which may be completed through phases. The Company continues to receive accelerated FDC until the approved eligible costs of the project are recovered.

*h) Marketing fees to BCLC*

The Company contributes 0.6% of the gross gaming revenues in three of its BC casinos and its two BC racing properties to BCLC as contributions toward marketing programs. BCLC uses the contributions to fund various BCLC marketing programs. The Company records its contributions when incurred as property, marketing and administration expenses on the consolidated statements of earnings (loss).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*i) Capital Reserve Account*

The Amended and Restated Operating Contract (“AROC”) with the Nova Scotia Provincial Lotteries & Casinos Corporation (“NSPLCC”, formerly Nova Scotia Gaming Corporation) includes a provision for the reimbursement of the Company’s qualifying expenditures under the NSPLCC’s Capital Reserve Account.

The Company is required under the AROC to make contributions to the NSPLCC’s Capital Reserve Account equal to 5% of the annual gross operational revenues from the two Nova Scotia casinos, with a minimum contribution of approximately \$5.0 per year adjusted for inflation since April 2010. Reimbursement of qualifying expenditures is received from the Capital Reserve Account, or if there is an insufficient balance in the Capital Reserve Account, the reimbursement is recorded as a receivable from NSPLCC and recorded as a reduction in the historical cost of the related expenditures at the time approval is given by NSPLCC. As provided for in the AROC, to the extent a receivable balance exists, the Company earns interest on the balance at a rate of bank prime plus 2% per annum.

*j) Property, plant and equipment*

Property, plant and equipment are recorded at cost less accumulated amortization, impairments, and amounts approved under the Capital Reserve Account. Amortization is expensed on a straight-line basis from the month assets are available for use over the estimated useful lives of the assets generally at the following rates, which are intended to reduce the carrying value to the estimated residual value:

Land	not amortized
Buildings	lesser of useful life or 40 years
Building improvements	lesser of useful life or 5 years
Equipment	1 to 5 years
Leasehold improvements	lesser of useful life or lease term, including renewal term, if applicable

During the construction period of significant facilities, the Company capitalizes construction and overhead costs, including borrowing costs, directly attributable to the construction project. The costs of construction of the Company’s gaming and ancillary facilities are classified as properties under development. When the property or portion thereof is substantially complete and available for use, costs cease to be capitalized, are transferred from properties under development to their respective asset component categories, and are amortized separately over the assets’ estimated useful lives down to the estimated residual value, if applicable.

The amortization method, useful life and residual values are assessed annually and are tested for impairment as described in Note 2(m).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*k) Intangible assets*

The Company has finite-lived intangible assets which consist of COSAs and CGCOSAs in British Columbia, lease agreements in Ontario, an operational services agreement for gaming in Nova Scotia, and other gaming-related rights. Intangible assets are primarily generated through acquisitions and are amortized over their estimated useful lives, ranging from three to twenty years. Judgment is used to estimate an intangible asset's useful life and is based on an analysis of all pertinent factors, including expected use of the intangible asset, contractual provisions that enable renewal or extension of the intangible asset's legal or contractual life without substantial cost, and renewal history. The remaining useful lives of the intangible assets are reviewed at the end of each annual reporting period, with any changes in the estimate of an intangible asset's useful life or the amortization method being treated as a change in accounting estimate and applied prospectively.

Intangible assets are assessed for impairment as described in Note 2(m).

*l) Goodwill*

Goodwill represents the excess of the purchase price of acquired businesses over the estimated fair value of the tangible and intangible net assets at the date acquired, and is allocated to the cash generating unit ("CGU") expected to benefit from the acquisition. A CGU is the smallest group of assets for which there are separately identifiable cash flows.

Goodwill is not amortized but is assessed for impairment at least annually and whenever events or circumstances indicate that its carrying value may not be fully recoverable. The impairment test requires comparing the carrying values of the Company's CGUs, including goodwill, to their recoverable amounts. The Company determines the recoverable amounts using estimated future cash flows discounted at an after-tax rate that reflects the risk adjusted weighted-average cost of capital. Any excess of the carrying value amount of a CGU over the recoverable amount is expensed in the period the impairment is identified. An impairment loss recorded for goodwill is not reversed in a subsequent period.

Upon disposal of a business, any related goodwill is included in the determination of gain or loss on disposal. Goodwill associated with the Company's foreign operations is translated to the Canadian dollar reporting currency at each period end.

*m) Impairment of long-lived assets*

Property, plant and equipment and intangible assets are assessed for impairment at the end of each reporting period for events or circumstances that indicate that the carrying value may not be recoverable. Where an indicator of impairment exists, the recoverable amount of the asset is estimated to determine whether there is an impairment loss. The recoverable amount of an asset is first tested on an individual basis, if determinable, or otherwise at the CGU level. Corporate level assets are allocated to the respective CGUs where an allocation can be done on a reasonable and consistent basis.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*m) Impairment of long-lived assets (Continued)*

The recoverable amount is the higher of fair value less costs to sell and value in use. The best evidence of fair value is the value obtained from an active market or binding sale agreement. Where neither exists, fair value is based on the best information available to reflect the amount the Company could receive for the asset (or CGU) in an arm's length transaction. The value in use method estimates the net present value of future cash flows expected to be generated by the asset (or CGU), discounted using an after-tax discount rate that reflects the current market rates and risks specific to the asset (or CGU).

An impairment loss is recorded when the carrying value of an asset (or CGU) exceeds its estimated recoverable amount.

In cases where an impairment loss subsequently reverses, the carrying amount of the asset (or CGU) is increased to its current recoverable amount, to the extent that the new carrying amount does not exceed the carrying amount that would have existed had the original impairment loss not been recorded. The reversal of an impairment loss is immediately recorded in the consolidated statements of earnings (loss).

*n) Accounts payable and accrued liabilities*

Accounts payable and accrued liabilities are obligations to pay for goods or services that have been acquired in the ordinary course of business. They are classified as current liabilities if payment is due within one year or less and are recorded initially at fair value and subsequently measured at amortized cost.

*o) Provisions*

Provisions represent liabilities to the Company for which the amount or timing is uncertain. Provisions are recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. Provisions are measured at the present value of the expected expenditures required to settle the obligation using a discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in provisions due to the passage of time is recorded in "interest and financing costs, net" on the consolidated statements of earnings (loss). Provisions are not recorded for future operating losses.

*p) Debt transaction costs*

Debt transaction costs relate to the costs associated with securing long-term financing and credit facilities, and are recorded net of the long-term debt instrument. These costs are expensed to "interest and financing costs, net" on the consolidated statements of earnings (loss) over the term of the related debt using the effective interest method. When a credit facility is retired by the Company, any remaining balance of related debt transaction costs is expensed to "interest and financing costs, net" on the consolidated statements of earnings (loss).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*q) Comprehensive income (loss)*

Comprehensive income (loss) consists of net earnings (loss) and OCI as presented on the consolidated statements of comprehensive income (loss). OCI represents changes in shareholders' equity in a period arising from the portion of the change in the fair values of the Company's derivatives designated as cash flow hedges that are determined to be effective, gains and losses on derivatives designated as cash flow hedges transferred to net earnings (loss) in the current period, and the unrealized effect of foreign currency translation of foreign operations.

*r) Financial instruments*

**Financial Assets**

Financial assets are initially recorded at fair value and are classified as: "fair value through profit or loss"; "available-for-sale"; "held-to-maturity"; or "loans and receivables". The classification is determined at initial recognition and depends on the nature and purpose of the financial asset and management's intentions.

*Fair Value Through Profit or Loss*

Financial assets at fair value through profit or loss are classified in this category if acquired principally for the purpose of selling in the short-term or if so designated by management.

Financial assets classified at fair value through profit or loss are measured at fair value, with the realized and unrealized changes in fair value recorded each reporting period through "interest and financing costs, net" on the consolidated statements of earnings (loss).

*Available-for-Sale*

Available-for-sale financial assets are non-derivative financial assets that are either designated in this category or not classified in any of the other categories. They are included in other non-current financial assets unless management intends to dispose of the investment within 12 months of the consolidated statement of financial position date.

Financial assets classified as available-for-sale are measured at fair value, with the unrealized changes in fair value recorded each reporting period in OCI. Investments in equity instruments classified as available-for-sale, whose fair value cannot be reliably measured, are recorded at cost. Available-for-sale assets are written down to fair value through "interest and financing costs, net" on the consolidated statements of earnings (loss) if there is objective evidence that impairment exists.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

r) *Financial instruments (Continued)*

Held-to-Maturity and Loans and Receivables

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturity that an entity has the intention and ability to hold to maturity.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the consolidated statement of financial position date, which are classified as non-current assets.

Financial instruments classified as held-to-maturity or loans and receivables are initially recorded at fair value and subsequently measured at amortized cost using the effective interest method.

Impairment

At the end of each reporting period, the Company assesses whether a financial asset or a group of financial assets, other than those classified as fair value through profit or loss, is impaired. If there is objective evidence that an impairment exists, the loss is recorded in the consolidated statements of earnings (loss). The impairment loss is measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recorded in the consolidated statements of earnings (loss).

**Financial Liabilities**

Financial liabilities are classified as either “financial liabilities at fair value through profit or loss”, or “other financial liabilities”. Financial liabilities are initially measured at fair value and subsequently measured at amortized cost for liabilities that are not hedged, and fair value for liabilities that are hedged. Non-performance risk, including the Company's own credit risk for financial liabilities, is considered when determining the discount rates used to fair value financial assets or liabilities, including derivative liabilities.

**Classification of Financial Instruments**

The following table summarizes the Company's selected financial instrument classifications based on its intentions:

<b>Financial instrument</b>	<b>Classification</b>
Cash	Loans and receivables
Cash equivalents	Held-to-maturity
Accounts receivable	Loans and receivables
Accounts payable and accrued liabilities	Other financial liabilities
Long-term debt	Other financial liabilities

**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

s) *Hedges*

The Company entered into cross-currency interest rate and principal swaps (see Note 14) to hedge the U.S. dollar exchange rate and interest rate risks associated with the long-term debt issued in 2007. The Company designated these cross-currency interest rate and principal swaps as cash flow hedges. The portion of the changes in fair values of the cross-currency interest rate and principal swaps that was determined to be effective was recorded in OCI, and any ineffective portion was recorded in the consolidated statements of earnings (loss). The hedged debt was translated to Canadian dollars at the exchange rate in effect on the last day of the reporting period, and through the application of hedge accounting, the resulting foreign exchange gains or losses recorded in the consolidated statements of earnings (loss) were effectively offset by the gains or losses on derivatives designated as cash flow hedges.

The Company assessed the effectiveness of its hedging instruments at each reporting period, up to their settlement on July 24, 2012 (see Note 14). Hedge accounting is discontinued prospectively when the hedging relationship no longer qualifies as an effective hedge, or it is terminated upon the early termination of the hedged item. When hedge accounting is discontinued, changes in fair value of these financial instruments are recorded as "foreign exchange (gain) loss and other" on the consolidated statements of earnings (loss).

t) *Share-based compensation*

The Company has equity-settled and cash-settled share-based compensation plans.

**Equity-settled share-based compensation**

The Company applies the fair value method of accounting for share option awards using the Black-Scholes option pricing model. Under this method, the Company recognizes compensation expense for employee share option awards, based on the grant date fair value, over the vesting period of the options.

Non-employee equity-settled share-based payments are measured at the fair value of the goods and services received, except where that fair value cannot be estimated reliably. If the fair value cannot be measured reliably, non-employee equity-settled share-based payments are measured at the fair value of the equity instrument granted, measured at the date the entity obtains the goods or the counterparty renders the service. Equity-settled share-based compensation expense is recognized in the "share-based compensation" line of the consolidated statements of earnings (loss) over the vesting period.

The Company adjusts the share-based compensation expense based on the number of share options expected to vest at the end of the reporting period.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*t) Share-based compensation (Continued)*

**Cash-settled share-based compensation**

Cash-settled share-based compensation such as Deferred Share Units (“DSUs”) and Restricted Share Units (“RSUs”) are recorded as a liability at the grant date based on the market value of the Company’s common shares. DSUs and RSUs vest immediately, and the liability is initially recorded as “deferred credits, provisions and other liabilities” on the consolidated statements of financial position, and is re-measured at each reporting period and at the redemption date, or the date when the unit holder ceases to be a director. The initial liability and changes in that liability are recorded as “share-based compensation” on the consolidated statements of earnings (loss).

*u) Revenue recognition*

Gaming revenues, which include revenues from table games, slot machines, bingo games, Facility Development Commission from BCLC, and site holder payments from the Ontario Lottery and Gaming Corporation (“OLG”) up to March 31, 2013, are recorded when earned by the Company after deduction for the portion of gaming and other revenues payable to BCLC, OLG, and NSPLCC, accruals for payouts on progressive games, and gaming taxes payable to Washington State.

Racetrack revenues are recorded when earned by the Company, net of amounts returned as winning wagers, provincial and federal taxes, and purses for wagering. Racetrack revenues also include the net amount of the on-site wagering on races simulcast from third parties as well as fees received based on off-site wagering on races simulcast to other racetracks. Transition funding for horse racing received from the Government of Ontario is recognized on a systematic basis over the periods in which the Company records the related eligible horse racing costs for which the funding is intended to compensate.

Food and beverage, hotel, entertainment, lease and other operating revenues are recorded as goods are delivered, or services are performed. Lease revenues includes income from OLG for leasing the slot machine areas at Georgian Downs and Flamboro Downs from April 1, 2013.

Promotional allowances are recorded as the retail value of food and beverage, accommodations, and other incentives furnished to guests without charge and are deducted from gross revenues (see Note 17).

*v) Taxation*

Income tax expense represents the sum of current and deferred taxes. Current and deferred taxes are recognized in the consolidated statement of earnings (loss), except to the extent it relates to items recognized in OCI or in equity.

Current tax

The tax currently payable is based on taxable income for the year. Taxable income differs from earnings as reported in the consolidated statements of comprehensive income (loss) because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

v) *Taxation (Continued)*

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities on the consolidated statements of financial position and the corresponding tax bases used in the computation of taxable income, as well as the benefit of tax losses available to be carried forward to future years to the extent it is probable it will be realized. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither taxable income (expense) nor accounting earnings (loss).

The Company recognizes the income tax benefit of uncertain tax positions only when it is probable that the tax position taken will be sustained upon examination by the applicable tax authority.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable income against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

w) *Net earnings (loss) per common share*

Basic net earnings (loss) per common share is calculated using the weighted-average number of common shares outstanding during the period. Diluted net earnings (loss) per common share is presented using the treasury stock method and is calculated by dividing net earnings (loss) applicable to common shares by the sum of the weighted-average number of common shares outstanding and all additional common shares that would have been outstanding if potentially dilutive common shares had been issued.

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

The preparation of financial statements requires management to make estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

The estimates used in determining the recorded amounts in these financial statements include the following:

- *(Reversal of) impairment of long-lived assets and impairment of goodwill*

The determination of a long-lived asset or goodwill impairment requires significant estimates and assumptions to determine the recoverable amount of an asset and/or CGU, wherein the recoverable amount is the higher of fair value less costs to sell and value in use. The value in use method involves estimating the net present value of future cash flows derived from the use of the asset and/or CGU, discounted at an appropriate rate.

The estimates of future cash flows require a number of key assumptions about future business performance. These assumptions and estimates are primarily based on the relevant business' historical experience, economic trends, and consider past communications with relevant stakeholders of the Company. These key assumptions include the future revenue levels and human resources and property, marketing and administration expenses. The assumptions are subject to a number of factors and it is possible that actual results could vary materially from management's estimates. Significant changes in the key assumptions utilized in the estimate of future cash flows could result in an impairment loss or reversal of an impairment loss.

- *Estimated useful lives of long-lived assets*

Judgment is used to estimate each component of an asset's useful life and is based on an analysis of all pertinent factors including, but not limited to, the expected use of the asset and in the case of an intangible asset, contractual provisions that enable renewal or extension of the asset's legal or contractual life without substantial cost, and renewal history. If the estimated useful lives were incorrect, this could result in an increase or decrease in the annual amortization expense, and future impairment charges or recoveries.

- *Equity-settled share-based compensation*

The Company estimates the cost of equity-settled share-based compensation using the Black-Scholes option pricing model. The model takes into account an estimate of the expected life of the option, the current price of the underlying common share, the expected volatility, an estimate of future dividends on the underlying common share, the risk-free rate of return expected for an instrument with a term equal to the expected life of the option, and the expected forfeiture rate.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (Continued)**

- *Income taxes*

Deferred tax assets and liabilities are due to temporary differences between the carrying amount for accounting purposes and the tax basis of certain assets and liabilities, as well as undeducted tax losses. Estimation is required for the timing of the reversal of these temporary differences and the tax rate applied. The carrying amounts of assets and liabilities are based on amounts recorded on the consolidated statements of financial position and are subject to the accounting estimates inherent in those balances. The tax basis of assets and liabilities and the amount of undeducted tax losses are based on the applicable income tax legislation, regulations and interpretations. The timing of the reversal of the temporary differences and the timing of deduction of tax losses are based on estimations of the Company's future financial results.

Changes in the expected operating results, enacted tax rates, legislation or regulations, and the Company's interpretations of income tax legislation will result in adjustments to the expectations of future timing difference reversals and may require material deferred tax adjustments.

- *Contingencies*

Provisions are accrued for liabilities with uncertain timing or amounts, if, in the opinion of management, it is both likely that a future event will confirm that a liability had been incurred at the date of the consolidated financial statements of financial position and the amount can be reasonably estimated. In cases where it is not possible to determine whether such a liability has occurred, or to reasonably estimate the amount of loss until the performance of some future event, no accrual is made until that time. In the ordinary course of business, the Company may be party to legal proceedings which include claims for monetary damages asserted against the Company and its subsidiaries. The adequacy of provisions is regularly assessed as new information becomes available.

The Company does not record contingent assets.

The judgments used in applying the Company's significant accounting policies and disclosures include the following:

- *Hedge accounting*

The Company designated its cross-currency interest rate and principal swaps as cash flow hedges, and assessed the effectiveness of its hedging instruments at each reporting period up to their settlement on July 24, 2012 (see Note 14). The fair values of the Company's cross-currency interest rate and principal swaps were based on credit risk adjusted discounted cash flows that required assumptions regarding the U.S. dollar exchange rate and discount rates, which were based on the prevailing U.S. dollar exchange rates and prevailing interest rates in Canada and U.S.

The Company applied hedge accounting as it believed this was more representative of the economic substance of the underlying transactions.

- *Determination of CGUs*

The Company's assets are grouped into CGUs based on their ability to generate separate identifiable cash flows. The determination of CGUs involves an assessment regarding the interdependency of cash inflows, and the Company's organizational structure.

(Expressed in millions of Canadian dollars, except for per share information)

---

#### 3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (Continued)

- *Segment Reporting*

The Company has aggregated its operating segments into one reportable segment based on an assessment that each operating segment has similar economic characteristics, types of customers, types of services and products provided, regulatory environments and management and reporting structures.

#### 4. CHANGES IN ACCOUNTING POLICIES

Effective January 1, 2013, the Company adopted the following revised International Accounting Standards ("IAS") and IFRSs issued by the IASB. These revised IFRSs did not have a material impact on the Company's consolidated financial statements.

- *IAS 1, Presentation of Financial Statements* – amended to clarify the requirements for comparative information in the financial statements.
- *IAS 16, Property, Plant and Equipment* – amended to clarify the classification of servicing equipment.
- *IAS 19, Employee Benefits (2011)* – amended to change the accounting for defined benefit plans and terminations benefits, and improve the understandability and usefulness of disclosures.
- *IAS 32, Financial Instruments: Presentation ("IAS 32")* – amended to clarify that the tax effect of a distribution to holders of equity instruments should be accounted for in accordance with IAS 12, *Income Taxes*.
- *IAS 34, Interim Financial Reporting* – amended to clarify the requirements for segment information related to total assets and total liabilities.
- *IFRS 7, Financial Instruments: Disclosures ("IFRS 7")* – amended to require disclosure about rights of offset and related arrangements for financial instruments under an enforceable master netting agreement or similar arrangement.
- *IFRS 13, Fair Value Measurement ("IFRS 13")* – provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. IFRS 13 was subsequently amended to clarify the scope of the portfolio exception.

Effective January 1, 2013, the Company also concurrently adopted the following five new and revised standards addressing the accounting for consolidation, involvements in joint arrangements and disclosure of involvements with other entities. These standards did not have a material impact on the Company's consolidated financial statements.

- *IFRS 10, Consolidated Financial Statements ("IFRS 10")* – replaces the consolidation guidance in IAS 27 (2008), *Consolidated and Separate Financial Statements ("IAS 27 (2008)")*, and SIC-12, *Consolidated Special Purpose Entities*, by introducing a single consolidation model for all entities based on control, irrespective of the nature of the investee.
- *IFRS 11, Joint Arrangements ("IFRS 11")* – replaces IAS 31, *Interests in Joint Ventures*. The option to apply the proportional consolidation method when accounting for jointly controlled entities is removed.

# GREAT CANADIAN GAMING CORPORATION

## Notes to the Consolidated Financial Statements

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

### 4. CHANGES IN ACCOUNTING POLICIES (Continued)

- *IFRS 12, Disclosure of Interests in Other Entities ("IFRS 12")* – requires enhanced disclosures about the entity's interests in subsidiaries, joint arrangements and associates, and unconsolidated structured entities.
- *IAS 27 (2011), Separate Financial Statements ("IAS 27")* – the consolidation requirements previously forming part of IAS 27 (2008) have been revised and are now contained in IFRS 10.
- *IAS 28 (2011), Investments in Associates and Joint Ventures* – amended to conform to changes based on the issuance of IFRS 10, IFRS 11, and IFRS 12.

#### **Recent accounting pronouncements**

The Company is currently evaluating the effects of the following new and revised accounting pronouncements and their impact on the Company's consolidated financial statements:

- *IAS 32* – amended to clarify under what circumstances financial assets and financial liabilities should be offset. It is effective for annual periods beginning on or after January 1, 2014.
- *IAS 36, Impairment of Assets* – amended to clarify the standard's disclosure requirements and require the disclosure of the discount rate used in determining an impairment value calculated using a present value technique. It is effective for annual periods beginning on or after January 1, 2014.
- *IFRS 10, 12 and IAS 27* – IFRS 10 has been amended to introduce an exception from the requirement to consolidate subsidiaries for an investment entity. The exception does not apply to subsidiaries of investment entities that provide services that relate to the investment entity's investment activities. IFRS 7 and IAS 27 have been amended to introduce new disclosure requirements for investment entities. These amendments are effective for annual periods beginning on or after January 1, 2014.
- *IFRIC 21, Levies* – provides guidance for applying IAS 37, *Provisions, contingent liability and contingent assets*, with respect to when a company should recognize a liability for a levy imposed by a government. These amendments are effective for annual periods beginning on or after January 1, 2014.
- *IFRS 2, Share based payments* – amended the definitions of "vesting condition" and "market conditions" and added definitions for "performance condition" and "service condition". These amendments apply to share based payment transactions with a grant date on or after July 1, 2014.
- *IFRS 8, Operating Segments* – amended to require the disclosure of the judgements made by management in applying the aggregation criteria to operating segments and to clarify that the reconciliation of the segment assets is required if they are regularly provided to the chief operation decision-maker. It is effective for annual periods beginning on or after July 1, 2014.
- *IFRS 13* – the Basis of Conclusions was amended to clarify that issuing IFRS 13 and amending IFRS 9, *Financial Instruments* ("IFRS 9") and IAS 39, *Financial Instruments: Recognition and measurement* ("IAS 39") did not remove the ability to measure certain short-term receivables and payables on an undiscounted basis. It is effective for annual periods beginning on or after July 1, 2014.
- *IAS 16 and IAS 38, Intangible assets* – amended to clarify that, under the revaluation method, the gross amount of property, plant and equipment and intangible asset is adjusted in a manner consistent with the revaluation of the carrying amount of the asset. It is effective for annual periods beginning on or after July 1, 2014.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**4. CHANGES IN ACCOUNTING POLICIES (Continued)**

***Recent accounting pronouncements (Continued)***

- *IAS 24, Related Party Disclosures (“IAS 24”)* – amended to clarify how payments to entities providing management services are to be disclosed. It is effective for annual periods beginning on or after July 1, 2014.
- *IFRS 9* – replaces IAS 39. IFRS 9 simplifies the classification and measurement requirements for financial instruments, which replaces the multiple classification and measurement models in IAS 39. The IASB tentatively decided that the mandatory effective date will be no earlier than annual periods beginning on or after 1 January 2017.

**5. CASH AND CASH EQUIVALENTS**

	<b>December 31, 2013</b>	December 31, 2012
Cash in banks	\$ 152.4	\$ 100.9
Cash floats	10.1	10.2
Cash equivalents	30.1	10.0
	<b>\$ 192.6</b>	<b>\$ 121.1</b>

Cash equivalents include investments in term deposits and bankers' acceptances with original maturities within three months of the investment date.

Cash floats exclude amounts provided by BCLC of \$16.2 (2012 - \$16.1) for use in BC casino operations. Since these cash floats are owned by BCLC, they are not included in the Company's cash floats balances. The Company has issued letters of credit in favour of BCLC as security for these amounts (Note 26(a)).

As at December 31, 2013, cash in banks included \$4.8 and \$0.9 of amounts related to the horsemen's purse pools and future payments for construction projects, respectively, which were previously recorded separately as "restricted cash". The current presentation better reflects the Company's true cash and cash equivalent position on the consolidated statements of financial position and consolidated statements of cash flows. As a result, the comparative period amounts at December 31, 2012 of \$4.1, \$0.5 and \$0.3 related to the horsemen's purse pools, capital expenditures that require approval from OLG and future payments for construction projects, respectively, were reclassified from restricted cash to cash and cash equivalents in the consolidated statements of financial position. The effects of the change in presentation on the 2012 consolidated statement of cash flows are \$2.0 decrease in cash generated by operating activities, \$0.2 increase in cash used in investing activities, \$2.2 increase in cash outflow, \$7.1 increase in cash and cash equivalents, beginning of year, and \$4.9 increase in cash and cash equivalents, end of year.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**6. ACCOUNTS RECEIVABLE**

	December 31, 2013	December 31, 2012
Trade receivables	\$ 5.0	\$ 4.6
Other receivables	1.2	3.1
Due from NSPLCC	1.0	-
	<b>\$ 7.2</b>	<b>\$ 7.7</b>

The balance due from NSPLCC is the Capital Reserve Account receivable. It represents amounts spent by the Company on approved expenditures, plus accrued interest on the outstanding balance at prime plus 2% per annum, less repayments from the NSPLCC's Capital Reserve Account based on 5% of the gross operating revenues from the two Nova Scotia casinos.

**7. (REVERSAL OF) IMPAIRMENT OF LONG-LIVED ASSETS AND IMPAIRMENT OF GOODWILL**

In March 2012, the Government of Ontario announced the cancellation of the "Slots at Racetracks" program for all Ontario racetracks. As a result of this announcement, OLG was directed to both end this program on March 31, 2013 and strategically redistribute the province's slot facilities in an effort to modernize that province's gaming model. On March 29, 2012, OLG provided notice that the site holder agreements with the Company's Ontario racetracks would terminate on March 31, 2013. Georgian Downs' site holder agreement was otherwise scheduled to expire in November 2021 and Flamboro Downs' site holder agreement was otherwise scheduled to expire in April 2016.

As a result of the early termination of the Georgian Downs site holder agreement, the Company recorded impairments of goodwill, intangible assets, and property, plant and equipment of \$3.2, \$8.2, and \$13.2, respectively. The Company also recorded impairments of intangible assets and property, plant and equipment of \$24.2 and \$5.2, respectively, in connection with the Flamboro Downs site holder agreement. In addition, during the year ended December 31, 2012, the Company recorded \$10.3 of impairment related to land in Ontario that was written down to its estimated recoverable amount.

On March 9, 2013, the Company and OLG signed non-binding letters of intent governing the slot machine areas at the Ontario racetracks. Under the terms of these letters, OLG will lease these areas for a five-year term commencing April 1, 2013. The Company and OLG have been operating as though the key provisions of these leases came into effect on April 1, 2013. On November 29, 2013, the Company signed definitive agreements with OLG related to these letters of intent.

On March 26, 2013, the Company and the Government of Ontario signed non-binding letters of intent governing horse racing operations at the Ontario racetracks. On May 24, 2013, the Company signed binding agreements (the "Ontario Racing Agreements") with the Government of Ontario for horse racing transition funding. The funding will provide support to continue horse racing at the Ontario racetracks for up to two years beyond March 31, 2013 and is conditional upon achievement of specific cost reduction targets. The Company continues to work with the Ontario government and the province's horse racing industry to pursue a longer-term, more sustainable business model for horse racing in Ontario.

On April 26, 2013, Georgian Downs received from OLG a one-time settlement payment of \$31.5 in connection with the Georgian Downs facility, and the Company and Georgian Downs provided OLG with a release of claims. The settlement payment has been recorded as a reduction of Georgian Downs' property, plant and equipment.

During the first quarter of 2013, as a result of signing the non-binding letters of intent with OLG, the anticipated future execution of definitive agreements, and the settlement payment received from OLG on April 26, 2013, the Company recorded reversals of impairments related to Georgian Downs' and Flamboro Downs' intangible assets and property, plant and equipment.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**7. (REVERSAL OF) IMPAIRMENT OF LONG-LIVED ASSETS AND IMPAIRMENT OF GOODWILL (Continued)**

The following table summarizes the impairments during 2012 and the impairment reversals during 2013 by property and by asset class:

	Georgian Downs				Flamboro Downs		
	Property, plant and equipment	Intangible assets	Goodwill	Total	Property, plant and equipment	Intangible assets	Total
Carrying amount at January 1, 2012	\$ 64.9	\$ 25.5	\$ 3.2	\$ 93.6	\$ 13.9	\$ 40.6	\$ 54.5
Net additions and amortization	(0.7)	(0.5)	-	(1.2)	(0.3)	(0.7)	(1.0)
Impairments	(16.6)	(8.2)	(3.2)	(28.0)	(5.2)	(24.2)	(29.4)
Carrying amount at March 31, 2012	\$ 47.6	\$ 16.8	\$ -	\$ 64.4	\$ 8.4	\$ 15.7	\$ 24.1
Net additions and amortization	(1.2)	(1.2)	-	(2.4)	(1.0)	(3.9)	(4.9)
Impairments	(6.9)	-	-	(6.9)	-	-	-
Carrying amount at December 31, 2012	\$ 39.5	\$ 15.6	\$ -	\$ 55.1	\$ 7.4	\$ 11.8	\$ 19.2
Net additions and amortization	(0.5)	(0.3)	-	(0.8)	(0.4)	(1.3)	(1.7)
Impairment reversals	11.7	8.0	-	19.7	1.5	7.3	8.8
Carrying amount at March 31, 2013	\$ 50.7	\$ 23.3	\$ -	\$ 74.0	\$ 8.5	\$ 17.8	\$ 26.3
Net additions and amortization	0.4	(0.3)	-	0.1	(0.1)	(0.9)	(1.0)
Settlement payment	(31.5)	-	-	(31.5)	-	-	-
Carrying amount at June 30, 2013	\$ 19.6	\$ 23.0	\$ -	\$ 42.6	\$ 8.4	\$ 16.9	\$ 25.3
Net additions and amortization	(0.2)	(0.5)	-	(0.7)	(0.3)	(1.8)	(2.1)
Carrying amount at December 31, 2013	\$ 19.4	\$ 22.5	\$ -	\$ 41.9	\$ 8.1	\$ 15.1	\$ 23.2

The recoverable amounts for long-lived assets and goodwill at December 31, 2013 were determined based on the value in use method, which estimates the net present value of the future cash flows expected to be generated, using an after-tax discount rate based on the Company's weighted-average cost of capital. The estimates of future cash flows require a number of key assumptions about future business performance. These assumptions and estimates are primarily based on the relevant business' historical experience and economic trends, and consider past and ongoing communications with relevant stakeholders of the Company. These key assumptions include the future revenue levels, human resources and property, marketing and administration expenses, and the expected useful life of the CGU. The assumptions are subject to a number of factors and it is possible that actual results could vary materially from management's estimates. As the carrying values of Georgian Downs' and Flamboro Downs' long-lived assets as at December 31, 2013 were equal to their estimated recoverable amounts, a subsequent change in any key assumption utilized in the estimate of future cash flows may result in a further impairment loss or reversal of an impairment loss.

In connection with the impairments and subsequent impairment reversals recorded for Georgian Downs and Flamboro Downs, the Company revised the estimated remaining useful lives of its intangible assets and property, plant and equipment. The net effect of this change in estimate of remaining useful lives, the impairments and the impairment reversals will be a \$1.0 decrease in the annual non-cash amortization expense related to these assets on a prospective basis, when compared to the year ended December 31, 2013.

At December 31, 2013	\$ 1.6	\$ 3.8	\$ 8.1	\$ 7.1	\$	20.6

<sup>(1)</sup> The impairment relates to Georgian Downs (see Note 7).

There were no changes to the methodology used to assess goodwill impairment since the last annual impairment test. The recoverable value for each CGU was based on the value in use method, which estimates the net present value of the future cash flows expected to be generated by the CGU, discounted using an after-tax discount rate that was based on the Company's weighted-average cost of capital.

The expected future cash flows are based on the most recent annual forecasts prepared by management and extrapolated over five years, after which a rate of 2% is applied for inflation. These expected future cash flows require a number of assumptions about future business performance. These assumptions and estimates were based primarily on the relevant business' historical performance and economic trends, and considered past communications with relevant stakeholders. The revenue growth rate assumptions used in the impairment assessments ranged from 0% to 3% across the CGUs and earnings as a percentage of revenues was based on each CGU's most recent annual operating levels.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

	<b>\$ 2.6</b>	<b>\$ 2.9</b>

**12. LONG-TERM DEBT**

	December 31, 2013	December 31, 2012
Senior Unsecured Notes, net of unamortized transaction costs of \$9.0 (2012 - \$10.1)	<b>\$ 441.0</b>	<b>\$ 439.9</b>

As at December 31, 2013 and December 31, 2012, the Company's long-term debt facilities consist of \$450.0 Senior Unsecured Notes ("Senior Unsecured Notes") and a \$350.0 Senior Secured Revolving Credit Facility (the "Revolving Credit Facility").

a) *Senior Unsecured Notes*

On July 24, 2012, the Company completed a long-term debt refinancing and issued \$450.0 of 6.625% Senior Unsecured Notes due on July 25, 2022. The net proceeds were \$439.5 after transaction costs of \$10.5. The use of proceeds included repayment of the US\$161.1 Senior Secured Term Loan B ("Term Loan B"), repurchase or redemption of the US\$170.0 Senior Subordinated Notes ("Subordinated Notes"), settlement of the derivative liabilities associated with the related cross-currency interest rate and principal swaps, and the remainder was retained for general corporate purposes.

The Senior Unsecured Notes are guaranteed by the Company's material restricted subsidiaries as defined in the long-term debt agreement covering the Trust Indenture. Interest on the Senior Unsecured Notes is payable semi-annually in arrears on January 25 and July 25 of each year. There are customary provisions for early redemptions of the Senior Unsecured Notes during defined periods prior to maturity with payment of defined premiums.

Transaction costs of approximately \$10.5 associated with the issuance of the Senior Unsecured Notes were primarily related to underwriting fees, legal fees, and other expenses, and are amortized through the "interest and financing costs, net" of the consolidated statements of earnings (loss) over the term of the Senior Unsecured Notes using the effective interest method.

b) *Revolving Credit Facility*

As at December 31, 2013, subject to compliance with the related financial covenants, the Company has \$320.2 (2012 - \$320.1) of available credit on its Revolving Credit Facility after deducting outstanding letters of credit of \$29.8 (2012 - \$29.9). The counterparties to this facility are major financial institutions with minimum "A" credit ratings.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**12. LONG-TERM DEBT (Continued)**

*b) Revolving Credit Facility (Continued)*

On July 24, 2012, the Company extended the maturity of its Credit and Guarantee Agreement (“Credit Agreement”), which covers the terms of its \$350.0 Revolving Credit Facility by one year to July 21, 2017. The interest rate on advanced amounts and the commitment fee on the unused facility are based on the Company’s Total Debt to Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (“EBITDA”) ratio (as defined in the underlying Credit Agreement), which is calculated quarterly (see Note 13).

Transaction costs associated with past refinancing of the Revolving Credit Facility totalling \$0.5 during the year 2012 are included in the “other assets” line of the consolidated statements of financial position and are amortized through the “interest and financing costs, net” line of the consolidated statements of earnings (loss) over the term of the Revolving Credit Facility using the effective interest method.

The Revolving Credit Facility is guaranteed and secured by substantially all of the assets of the Company and its subsidiaries. The Revolving Credit Facility requires the Company to comply with certain operational and financial covenants (which are defined in the underlying agreements). The financial covenants which are tested quarterly are: Total Debt to Adjusted EBITDA ratio of 5.00 or less, Senior Secured Debt to Adjusted EBITDA ratio of 3.50 or less, and Interest Coverage ratio of 2.25 or more (see Note 13).

*c) Subordinated Notes*

In connection with the issuance of the Senior Unsecured Notes, on July 5, 2012, the Company commenced a cash tender offer and consent solicitation with respect to the Subordinated Notes (“Tender Offer”). A total of approximately US\$146.7 (or 86.3%) of the US\$170.0 Subordinated Notes were validly tendered and repurchased under the Tender Offer, which expired on August 2, 2012. On July 24, 2012, the Company issued a 30 day advanced notice of mandatory redemption of the remaining US\$23.3 Subordinated Notes, which were outstanding after the Tender Offer. These remaining Subordinated Notes were redeemed on August 23, 2012. The total transaction costs of \$3.9 associated with the repurchase and redemption of the Subordinated Notes were expensed as “interest and financing costs, net” on the consolidated statements of earnings (loss), and included a \$3.1 tender premium related to the Tender Offer, a \$0.4 redemption premium, and legal and other costs of \$0.4.

All the debt facilities have: (i) mandatory repayments in the case of proceeds from certain asset sales or receipt of insurance proceeds that are not re-invested by the Company within certain time limits; (ii) restrictions on certain asset sales, acquisitions, and distributions; (iii) limitations on the incurrence of additional debt or indebtedness or liens; and (iv) provisions for the Company to re-purchase and re-issue portions of the debt facilities should the holder be required to register with a gaming authority having jurisdiction over the Company and either refuses or is found to be unsuitable for registration.

*d) Interest and financing costs, net*

---

**13. CAPITAL DISCLOSURES**

The Company's capital structure comprises:

- Shareholders' equity;
- Long-term debt;
- Cash and cash equivalents; and
- Outstanding letters of credit.

The Company's objectives are to maintain a flexible capital structure that optimizes the cost of capital at acceptable risk levels and to manage capital in a manner that balances the interests of equity and debt holders. The Company manages its capital structure in light of changes in economic conditions and the risk characteristics of the Company's operations. The Company's major capital allocation decisions include a comparison of the expected financial returns from those investments to its estimated weighted-average cost of capital. The Company currently plans to use its cash and cash equivalents, cash flows from operations, and established debt facilities to finance its business development plans.

The Company monitors its capital structure and must comply with certain financial covenants related to its long-term debt. The Company intends to manage its capital by operating at a level that provides a conservative margin compared to the limits of its covenants.

As at December 31, 2013, the Company was in compliance with its financial covenants as shown below:

<b>Covenant test</b>	<b>Required ratio</b>	<b>Actual ratio</b>
Total Debt to Adjusted EBITDA ratio <sup>(1)</sup>	< 5.00	2.51
Senior Secured Debt to Adjusted EBITDA ratio <sup>(1)</sup>	< 3.50	0.00
Interest Coverage ratio <sup>(1)</sup>	> 2.25	5.61
Fixed Charge Coverage ratio <sup>(2)</sup>	> 2.00	5.65

<sup>(1)</sup> Calculated on a trailing twelve month basis and defined in the Credit Agreement, as amended on July 24, 2012.

<sup>(2)</sup> Calculated on a trailing twelve month basis and tested on specified events as defined in the long-term debt agreement covering the Trust Indenture dated July 24, 2012.

As part of its capital structure monitoring process, the Company's independent credit ratings as at December 31, 2013 were as follows:

	<b>Moody's</b>	<b>Standard &amp; Poor's</b>
Corporate	Ba3 Stable	BB+ Stable
Revolving Credit Facility	Ba1	BBB
Senior Unsecured Notes	B1	BB+

**GREAT CANADIAN GAMING CORPORATION**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**14. DERIVATIVES**

In 2007, the Company entered into cross-currency interest rate and principal swaps to hedge the U.S. dollar exchange rate and interest rate risks associated with the Term Loan B and Subordinated Notes issued in that year. The Company designated these cross-currency interest rate and principal swaps as cash flow hedges, wherein the effective portion of the swap was recorded in “other comprehensive income”.

On July 24, 2012, as part of the long-term debt refinancing (see Note 12), the Company settled all of its cross-currency interest rate and principal swaps and paid \$69.9 to its counterparties, which represented the fair value of the swaps.

**15. DEFERRED CREDITS, PROVISIONS AND OTHER LIABILITIES**

	December 31, 2013	December 31, 2012
Deferred credits, non-current	\$ 18.4	\$ 19.1
Provisions, non-current	3.8	3.4
Other non-current liabilities	4.2	2.9
	<b>\$ 26.4</b>	<b>\$ 25.4</b>

Deferred credits, non-current relates to agreements entered into between the Company with the South Coast British Columbia Transportation Authority (“TransLink”) and Canada Line Rapid Transit Inc. (“Canada Line”) in 2008 to build and operate a 1,200 stall multi-level parking garage at Bridgeport Station, across from the River Rock Casino Resort (“River Rock”) in Richmond, British Columbia.

The consideration received from TransLink is being treated as compensation for the cost of providing future parking services to Canada Line’s passengers. Accordingly, the fair value of the land received of \$17.2 was accounted for as a non-monetary transaction and cash of \$4.5 was recorded as “cash and cash equivalents”, with a corresponding credit to “deferred credits”. These “deferred credits” are amortized on a straight-line basis over a period of 32 years.

Translink may exercise its option to purchase the portion of the parking garage used by the 1,200 stalls if certain events defined in the agreement occur. Examples of these include the relocation of the River Rock, or the Company failing to provide Canada Line’s passengers access to the parking stalls as set out in the agreement.

**16. SHARE CAPITAL AND RESERVES**

The Company is authorized to issue an unlimited number of common shares with no par value.

a) *Substantial issuer bid*

On July 6, 2012, the Company commenced a substantial issuer bid, pursuant to which the Company offered to purchase for cancellation up to 10,000,000 of its outstanding common shares from shareholders at a purchase price of \$10.00 per share. On August 21, 2012, the Company accepted for purchase 10,000,000 of the validly tendered common shares at a purchase price of \$10.00 per share for a total of \$100.0 and \$0.3 in related transaction costs. At the time of the repurchase, the paid-up capital per common share for the purposes of the *Income Tax Act (Canada)* was \$3.79. All shares purchased by the Company were subsequently cancelled.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**16. SHARE CAPITAL AND RESERVES (Continued)**

*b) Normal course issuer bid*

In January 2013, the Company commenced a normal course issuer bid that authorized the Company to purchase up to 4,511,644 of its common shares. For the year ended December 31, 2013, the Company completed this normal course issuer bid by purchasing 4,511,644 common shares at a volume weighted-average price per share of \$10.32.

For the year ended December 31, 2012, the Company purchased for cancellation 3,657,210 common shares at a weighted-average price per share of \$8.15 under its normal course issuer bid, which expired on January 26, 2013.

All shares purchased by the Company were cancelled. The Company's share capital was reduced by an amount equal to the carrying value of the shares repurchased and the remainder was recorded as a reduction to retained earnings on the consolidated statements of changes in equity.

Subsequent to December 31, 2013, the Company received approval from the TSX to commence another normal course issuer bid for up to 4,231,075 of its common shares, representing approximately 10% of the Company's common shares in the public float. The bid commenced on January 30, 2014 and will end on January 29, 2015, or earlier if the number of shares approved for purchase in the issuer bid have been obtained. Pursuant to TSX policies, daily purchases made by the Company will not exceed 17,799 common shares or 25% of the prior six-month average trading volume of 71,194 common shares on the TSX. Purchases will be by way of open market purchases through the facilities of the TSX, and other Canadian market places, and payment for the shares will be in accordance with the TSX's by-laws and rules. Any shares purchased by the Company will be subsequently cancelled.

*c) Share option plan*

The changes in the number of share options and their weighted-average exercise price were as follows:

	December 31, 2013		December 31, 2012	
	Options <sup>(1)</sup>	Weighted-Average Exercise Price	Options <sup>(1)</sup>	Weighted-Average Exercise Price
Outstanding, beginning of period	4,493	\$ 7.08	5,895	\$ 7.16

	4,155	2.8 years	\$ 8.02	2,854	\$ 7.72	

(1) Option information is presented as options for thousands of common shares.

The fair values of share options granted to employees at the time of the grant and the weighted-average assumptions used in applying the Black-Scholes option pricing model were as follows:

	Year ended December 31,	
	2013	2012
Option award fair value	\$ 1.54	\$ 1.67
Risk-free interest rate	1.1%	1.1%
Expected lives	2.5 years	2.5 years
Expected volatility <sup>(1)</sup>	25.0%	30.5%
Dividend yield	0.0%	0.0%

(1) Based on the historical volatility of the Company's share price over the most recent period commensurate with the expected lives of the option.

The Company recorded equity-settled share-based compensation expense of \$2.3 for the year ended December 31, 2013 (2012 - \$2.2).

*d) Deferred Share Units ("DSUs") and Restricted Share Units ("RSUs")*

The changes in the number of DSUs and RSUs provided to non-employee directors of the Company were as follows:

Number of Units <sup>(1)</sup>	December 31, 2013		December 31, 2012	
	DSUs <sup>(2)</sup>	RSUs <sup>(2)</sup>	DSUs <sup>(2)</sup>	RSUs <sup>(2)</sup>
Outstanding, beginning of period	216	17	106	7

	425.8	428.5
Less: Promotional allowances	(18.5)	(19.8)
	<b>\$ 407.3</b>	<b>\$ 408.7</b>

**18. RESTRUCTURING AND OTHER**

	Year ended December 31,	
	2013	2012
Severance <sup>(a)</sup>	\$ 1.3	\$ -
Equity investment loss <sup>(b)</sup>	-	3.5
Business development and other	0.4	0.1
Acquisition-related contingent future trailing payments <sup>(c)</sup>	0.3	1.5
	<b>\$ 2.0</b>	<b>\$ 5.1</b>

*(a) Severance*

Non-recurring severance costs were incurred during the year ended December 31, 2013 primarily as a result of an expected reduction in the number of live horse racing days to be held at the Company's Georgian Downs and Flamboro Downs properties (See Note 7).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**18. RESTRUCTURING AND OTHER (Continued)**

*(b) Equity investment loss*

During the year ended December, 2012, the Company acquired a 38% minority equity interest in PDX Entertainment Company ("PDX") for \$3.5. PDX pursued the opportunity to build and operate an entertainment and gaming complex in Wood Village, Oregon. The proposed development required the approval of Wood Village voters through a local municipal ballot measure, and the approval of Oregon voters through two state ballot measures, one of which would have changed the state constitution to permit private-sector casino gaming in Oregon. The ballot measures were voted on November 6, 2012, and the constituents did not support the amendment to the state constitution as proposed. The Company's investment in PDX was fully expensed as at December 31, 2012.

*(c) Acquisition-related contingent future trailing payments*

The purchase price of the Chilliwack Bingo acquisition in 2011 included contingent future trailing payments to be paid over 20 years, dependent on the level of future slot win at Chances Chilliwack. As at December 31, 2013, the discounted trailing payment provision was estimated at \$3.0 (2012 - \$2.5) based on the current performance of the facility. The change in the estimated provision of \$0.3 was recorded as "restructuring and other" on the consolidated statements of earnings (loss) during the year ended December 31, 2013 (2012 - \$1.5).

**19. INCOME TAXES**

*a) Income tax recognized in net earnings (loss)*

The Company's income tax expense (recovery) is as follows:

	Year ended December 31,	
	2013	2012
Current tax expense	\$ 5.8	\$ 11.4
Deferred tax expense (recovery)	18.1	(15.6)
<b>Total tax expense (recovery)</b>	<b>\$ 23.9</b>	<b>\$ (4.2)</b>

The Company's income tax expense (recovery) for the year can be reconciled to net earnings (loss) as follows:

	Year ended December 31,	
	2013	2012
Applicable federal and provincial statutory income tax rate <sup>(1)</sup>	25.75%	25.00%
Earnings (loss) before income taxes	\$ 87.0	\$ (31.8)
Expected income tax expense (recovery)	22.4	(8.0)
Effect of:		
Non-deductible impairment of goodwill	-	0.8
Non-deductible share-based compensation	0.6	0.6
Impact of deferred income tax rates applied versus current income tax rates	-	(1.2)
Impact of different jurisdictional statutory tax rates on earnings of subsidiaries	0.4	0.6
Adjustments to deferred tax attributable to changes in tax rates	1.6	-
Revaluation of current income tax liabilities from prior year taxes	(0.4)	(0.4)
Deferred tax benefits not recognized	-	2.5
Other items	(0.7)	0.9
<b>Total income tax expense (recovery) recognized in net earnings (loss)</b>	<b>\$ 23.9</b>	<b>\$ (4.2)</b>

<sup>(1)</sup> The applicable federal and provincial statutory income tax rate used for the 2013 and 2012 reconciliations above is the corporate tax rate payable by corporate entities in the province of British Columbia on taxable profits under tax law in that jurisdiction. The rate increased on April 1, 2013 from 25% to 26% due to an increase in the BC income tax rate of 1%.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**19. INCOME TAXES (Continued)**

*b) Income tax recognized in OCI*

The Company's income tax expense (recovery) recognized in OCI comprises:

	Year ended December 31,	
	2013	2012
Changes in fair values of derivatives designated as cash flow hedges	\$ -	\$ (0.8)
Changes in fair values of derivatives designated as cash flow hedges transferred to net earnings	-	2.7
<b>Total income tax expense (recovery) recognized in OCI</b>	<b>\$ -</b>	<b>\$ 1.9</b>

*c) Deferred tax balances*

The following are the major deferred tax assets (liabilities) recognized and movements thereon during the current and prior year:

2013	Opening balance	Recognized in net earnings (loss)	Recognized in OCI	Closing balance
<b>Temporary differences</b>				
Property, plant and equipment	\$ (32.3)	\$ (11.3)	\$ -	\$ (43.6)

**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**19. INCOME TAXES (Continued)**

*c) Deferred tax balances (Continued)*

The deferred tax balances are presented on the consolidated statements of financial position as:

	Year ended December 31,	
	2013	2012
Deferred tax assets	\$ 8.8	\$ 9.9
Deferred tax liabilities	(70.3)	(53.3)
Net deferred tax liabilities	\$ (61.5)	\$ (43.4)

The Company has recognized deferred tax assets of approximately \$8.7 (2012 - \$8.4) that are dependent on future taxable profits in excess of those that will arise from the reversal of existing taxable temporary differences. If necessary, the Company may also undertake a legal restructuring of its subsidiaries or other transactions in order to fully use these deferred tax assets.

The Company has recognized a deferred tax asset relating to non-capital loss carry-forwards of approximately \$0.1 (2012 - \$22.9) which are available to reduce future years' income for tax purposes. Management believes the Company will generate future taxable profits in excess of the losses in the jurisdictions to which the losses relate before they expire. These losses will expire as follows:

2029 - 2033	\$ 0.1
-------------	--------

The Company has recognized a deferred tax asset relating to capital loss carry-forwards of \$9.2 (2012-\$8.5) which may be used to offset future years' capital gains. Management believes the Company will generate future capital gains in excess of the losses in the jurisdiction to which the losses relate. These losses may be carried forward indefinitely.

*d) Unrecognized deferred tax assets*

In addition to the capital losses noted above, the Company has \$5.8 (2012 - \$5.4) of capital losses carried forward, which may only be used to offset future capital gains, and in respect of which the Company has not recognized a deferred tax asset. These losses may be carried forward indefinitely, with the exception of approximately \$3.7 (2012 - \$3.5) of capital losses incurred by our US subsidiary, which expire in 2017 and 2018.

**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**22. SEGMENT INFORMATION**

The Company's management considers each of its gaming properties to be an operating segment since it reviews their operating results, assesses their performance, and makes resource allocations decisions on a property-by-property basis. The Company has aggregated these operations as one reportable segment based on their similar economic characteristics, types of customers, types of services and products provided, the regulatory environment in which they operate and their management and reporting structure.

The Company also conducts its business in two geographic areas: Canada and the United States ("US"). Revenues, EBITDA<sup>1</sup> and additions to long-lived assets and goodwill attributable to these geographic locations are as follows:

	Year ended December 31, 2013			Year ended December 31, 2012		
	Revenues	EBITDA	Additions to long-lived assets and goodwill	Revenues	EBITDA	Additions to long-lived assets and goodwill
Canada	\$ 382.5	\$ 146.7	\$ 28.0	\$ 387.1	\$ 145.0	\$ 24.1
U.S.	24.8	3.9	0.2	21.6	2.6	0.3
	<b>\$ 407.3</b>	<b>\$ 150.6</b>	<b>\$ 28.2</b>	<b>\$ 408.7</b>	<b>\$ 147.6</b>	<b>\$ 24.4</b>

The following table is a reconciliation of EBITDA, as presented in the above tables, to earnings (loss) before income taxes as presented in the Company's consolidated statements of earnings (loss):

	Year ended December 31,	
	2013	2012
EBITDA	\$ 150.6	\$ 147.6
Less:		
Amortization	48.5	51.6
Share-based compensation	9.7	3.6
(Reversals of) impairments of long-lived assets	(28.5)	61.1
Impairment of goodwill	-	3.2
Interest and financing costs, net	32.8	37.0
Litigation settlement	-	11.0
Restructuring and other	2.0	5.1
Foreign exchange (gain) loss and other	(0.9)	6.8
Earnings (loss) before income taxes	<b>\$ 87.0</b>	<b>\$ (31.8)</b>

Property, plant and equipment, goodwill, and total assets attributable to each geographic location are as follows:

	As at December 31, 2013			As at December 31, 2012		
	Property, plant and equipment	Goodwill	Total assets	Property, plant and equipment	Goodwill	Total assets
Canada	\$ 583.9	\$ 13.5	\$ 890.0	\$ 609.1	\$ 13.5	\$ 838.9
U.S.	12.4	7.1	25.7	12.2	6.6	23.8
	<b>\$ 596.3</b>	<b>\$ 20.6</b>	<b>\$ 915.7</b>	<b>\$ 621.3</b>	<b>\$ 20.1</b>	<b>\$ 862.7</b>

<sup>1</sup> EBITDA is a non-IFRS measure and as defined by the Company means Earnings Before Interest and financing costs (net of interest income), Income Taxes, Depreciation and Amortization, share-based compensation, (reversal of) impairment of long-lived assets, impairment of goodwill, litigation settlement, restructuring and other, and foreign exchange (gain) loss and other.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**23. RELATED PARTY TRANSACTIONS**

As defined under IAS 24, key management personnel comprise the Company's Board of Directors and executive officers. Key management compensation was as follows:

	Year ended December 31,	
	2013	2012
Human resources <sup>(1)</sup>	\$ 2.4	\$ 2.3
Share-based compensation <sup>(2)</sup>	5.6	2.3
Total	\$ 8.0	\$ 4.6

<sup>(1)</sup> Human resources includes salaries and other short-term employee benefits.

<sup>(2)</sup> Share-based compensation includes equity and cash settled share-based compensation described in Note 10.

As at December 31, 2013, the liabilities of the Company include amounts due to key management personnel of \$1.5 (2012 - \$0.9) in "accounts payable and accrued liabilities" and \$3.3 (2012 - \$2.2) in "deferred credits, provisions and other liabilities" of the consolidated statements of financial position.

**24. EMPLOYEE FUTURE BENEFITS**

The Company maintains a defined contribution pension plan for its Canadian employees. Under this plan, eligible employees contribute a minimum of 2% to a maximum of 15% of their gross pay. The Company makes contributions representing 2% of eligible employees' base pay. Contributions made by the Company during the year ended December 31, 2013 totalled \$1.9 (2012 - \$1.8).

**25. FACILITY DEVELOPMENT COMMISSION APPROVED AMOUNTS**

The following table summarizes the changes in the Company's Approved Amounts, a term defined in the Company's operating services agreements with BCLC, to be recovered by future FDC receipts from BCLC:

	Year ended December 31,	
	2013	2012
Opening Approved Amounts	\$ 412.0	\$ 424.4
Additional Approved Amounts	3.0	22.8
FDC receipts	(34.1)	(35.2)
Closing Approved Amounts	\$ 380.9	\$ 412.0

FDC is earned as a fixed percentage of gross gaming win, subject to the Company incurring sufficient Approved Amounts. Recovery of Approved Amounts requires that the operating agreements with BCLC remain in good standing and the generation of sufficient gross gaming win. As a result, Approved Amounts have not been recorded in the consolidated statements of financial position.

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**26. COMMITMENTS, CONTINGENCIES AND LITIGATION**

*a) Letters of credit*

As at December 31, 2013, letters of credit in the amount of \$29.8 (2012 - \$29.9) were outstanding as security in connection with gaming cash floats, bonds with local municipality to secure commitments under construction permits and provincial gaming corporation payables.

*b) Litigation*

On June 29, 2012, the Company settled a long-standing legal dispute with a former Ontario-based consultant for a total cash payment of \$11.0.

The Company is subject to legal proceedings, claims and investigations in the ordinary course of business. Liabilities related to such matters are recorded when it is both probable that a liability has been incurred and the amount of the liability can be reasonably estimated. All legal costs associated with litigation are expensed as incurred.

*c) Guarantees and indemnifications*

The Company may provide guarantees and indemnifications in conjunction with transactions in the normal course of operations. These are recorded as liabilities when reasonable estimates of the obligations can be made. Guarantees and indemnifications that the Company has provided include obligations to indemnify:

- i. directors and officers of the Company and its subsidiaries for potential liability while acting as a director or officer of the Company, together with various expenses associated with defending and settling such suits or actions due to association with the Company, the risk of which is mitigated by the Company's directors' and officers' liability insurance;
- ii. certain vendors of acquired companies or property for obligations that may or may not have been known at the date of the transaction;
- iii. certain financial institutions for costs that they may incur as a result of representations made in debt and equity offering documents; and
- iv. lessors of leased properties for personal injury claims that may arise at the facilities the Company operates.

*e) Other contractual commitments*

The Company's operating leases and other contractual commitments are described in Note 27(b).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**27. FINANCIAL INSTRUMENTS**

The Company's financial instruments and the types of risks to which their carrying values are exposed are as follows:

Financial instrument	Risks			
	Credit	Liquidity	Market risks	
			Interest rate	Currency
Measured at amortized cost:				
Cash in banks	x			x
Cash equivalents	x		x	
Accounts receivable	x			x
Accounts payable and accrued liabilities		x		x
Long-term debt		x	x	x
Other liabilities		x	x	x

a) *Credit risk*

Credit risk is the risk that a party to one of the Company's financial instruments will cause a financial loss to the Company by failing to discharge an obligation. The carrying values of the Company's financial assets, which represent the maximum exposure to credit risk, are as follows:

	December 31, 2013	December 31, 2012
Cash in banks	\$ 152.4	\$ 96.0
Cash equivalents	30.1	10.0
Accounts receivable	7.2	7.7
	<b>\$ 189.7</b>	<b>\$ 113.7</b>

*Cash in banks and cash equivalents:* Credit risk associated with these assets is minimized substantially by ensuring that these financial assets are placed primarily with major financial institutions that have minimum grade "A" credit ratings.

*Accounts receivable:* Credit risk associated with most of these assets is minimized due to their nature. The majority of these receivable balances are due from the federal government for sales tax rebates, provincial gaming corporations, racetrack operators, and financial institutions. The provision for doubtful accounts receivable is estimated based on an assessment of individual accounts and the length of time balances have been outstanding. As at December 31, 2013, the provision for doubtful accounts receivable totalled \$0.6 (2012 - \$0.6).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**27. FINANCIAL INSTRUMENTS (Continued)**

*b) Liquidity risk*

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities. The Company manages liquidity risk by monitoring its capital structure (see Note 13), regularly monitoring forecast and actual cash flows, managing the maturity profiles of financial assets and financial liabilities and maintaining credit capacity within the Revolving Credit Facility (see Note 12). The Company expects the following maturities of its financial liabilities (including interest), operating leases and other contractual commitments:

	<b>Expected payments by period as at December 31, 2013</b>					Total
	Within 1 year	2 - 3 years	4 - 5 years	More than 5 years	Total	
Accounts payable and accrued liabilities	\$ 67.9	\$ -	\$ -	\$ -	\$ 67.9	\$ 67.9
Income taxes payable	-	-	-	-	-	-
Senior Unsecured Notes	29.8	59.6	59.6	569.3	718.3	718.3
Provisions	1.3	2.0	1.0	6.9	11.2	11.2
Operating leases <sup>(1)</sup>	3.7	4.1	3.6	7.6	19.0	19.0
Other contractual commitments <sup>(2)</sup>	6.5	2.9	2.1	5.6	17.1	17.1
<b>Total</b>	<b>\$ 109.2</b>	<b>\$ 68.6</b>	<b>\$ 66.3</b>	<b>\$ 589.4</b>	<b>\$ 833.5</b>	<b>\$ 833.5</b>

(1) Operating leases include a ground lease with the City of Surrey, BC for Fraser Downs Racetrack and Casino, an operating agreement with the City of Vancouver, BC for Hastings Racecourse and Slots Facility, property leases for the Company's head office and Great American Gaming Corporation, and a ground lease with the City of Sydney, NS for Casino Nova Scotia Sydney.

(2) Other contractual commitments include the acquisition of property, plant and equipment of \$0.8 (2012 - \$1.0), various service contracts of \$14.6 (2012 - \$4.6), and amounts committed to NSPLCC to fund responsible gaming programs of \$1.5 (2012 - \$2.7).

**GREAT CANADIAN GAMING CORPORATION**  
**Notes to the Consolidated Financial Statements**

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

**27. FINANCIAL INSTRUMENTS (Continued)**

c) *Market risk*

Market risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates and/or foreign currency exchange rates. The following table sets out a sensitivity analysis of the effect on the carrying amount of the Company's financial instruments that are subject to foreign currency risk by applying reasonably possible changes in foreign currency rates relative to the Company's functional currency, the Canadian dollar:

	Carrying amount December 31, 2013	Foreign Currency Risk <sup>(1)</sup>			
		-10%		+10%	
		Net earnings (loss)	OCI	Net earnings (loss)	OCI
<b>Financial Assets</b>					
Cash and cash equivalents	\$ 192.6	\$ (0.7)	\$ (0.5)	\$ 0.7	\$ 0.5
Accounts receivable	7.2	-	-	-	-
<b>Financial Liabilities</b>					
Accounts payable and accrued liabilities	67.9	0.1	0.3	(0.1)	(0.3)
<b>Total (decrease) increase</b>		\$ (0.6)	\$ (0.2)	\$ 0.6	\$ 0.2

<sup>(1)</sup> Displayed is the effect on the Company's U.S. dollar denominated financial assets and liabilities if the value of the U.S. dollar were to decrease or increase relative to the Canadian dollar by 10% from the actual period end rate.

*Revolving Credit Facility*

The Revolving Credit Facility has interest rates on advanced amounts and a standby fee on the unused facility that are based on the Total Debt to Adjusted EBITDA ratio (defined in the underlying debt agreement) which is calculated quarterly (see Note 13). The following table summarizes the interest rate and standby fee on the Revolving Credit Facility that apply, depending on the Company's quarterly Total Debt to Adjusted EBITDA ratio calculated for the most recent trailing twelve months:

Total Debt / Adjusted EBITDA	Margin on Bankers' Acceptances or Eurodollar Rate Advances & Letters of Credit	Margin on Canadian Prime Rate or U.S. Base Rate Advances	Standby Fee
>= 4.50	3.00%	2.00%	0.68%
4.00 to < 4.50	2.75%	1.75%	0.62%
3.50 to < 4.00	2.50%	1.50%	0.56%
3.00 to < 3.50	2.13%	1.13%	0.48%
2.50 to < 3.00	1.88%	0.88%	0.42%
2.00 to < 2.50	1.75%	0.75%	0.39%
< 2.00	1.50%	0.50%	0.34%

For the Years Ended December 31, 2013 and 2012

(Expressed in millions of Canadian dollars, except for per share information)

---

**27. FINANCIAL INSTRUMENTS (Continued)**

*d) Fair values*

The fair values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities approximate their carrying values due to their short term nature.

The Company does not hold any Level 1 financial assets or liabilities that are based on unadjusted quoted prices trading in active markets.

The Company's long-term debt instruments are Level 2 financial instruments as they are estimated based on quoted prices that are observable for similar instruments or on the current rates offered to the Company for debt of the same maturity. As at December, 2013, the fair value and carrying value of the Company's cash equivalents was \$30.1 (2012 - \$10.0). As at December 31, 2013, the Company's long-term debt instruments had a fair value of \$464.7 (2012 - \$468.0) and a carrying value of \$441.0 (2012 - \$439.9).

The Company's contingent future trailing payments are recurring Level 3 financial instruments as they require management to make assumptions regarding the measurement of fair value using significant inputs that are not based on observable market data. As at December 31, 2013, the fair value and carrying value of the Company's contingent future trailing payments was \$3.7 (2012 - \$3.3). The change in the contingent future trailing payments, net of the \$0.3 change in the estimated provision, was recorded in "Interest and financing costs, net" on the consolidated statements of earnings (loss).

The valuation technique used in the determination of the fair value measurement of contingent future trailing payments is the discounted cash flow approach. The valuation model considers the present value of the cash flows expected to be paid as trailing payments. The key unobservable inputs are the estimated future slot revenues at Chances Chilliwack and the discount rate. The estimated fair value of this liability increases with higher estimated future slot revenues and lower discount rates. The calculation of the fair value of the contingent future trailing payments is performed by the Company at the end of each reporting period.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. There were no transfers between Level 2 and Level 3 financial instruments during the year.
